

SHREYANSH PANDEY

Ghaziabad, Uttar Pradesh | +91 7678275303 | pandey.shreyansh321@gmail.com | GitHub | Portfolio

PROFESSIONAL SUMMARY

Electronics and Communication Engineering undergraduate with strong proficiency in Python, C++, and modern web technologies. Experienced in designing and deploying AI-powered applications, machine learning pipelines, and responsive web interfaces. Solid foundation in Data Structures and Algorithms, Object-Oriented Programming, and Natural Language Processing. Passionate about building efficient, user-centric software engineering and data-focused solutions.

EDUCATION

B.Tech in Electronics & Communication Engineering | ABES Engineering College, Ghaziabad | 2023 – 2027

Class XII (CBSE) – New Rainbow Public School, Ghaziabad | 83%

Class X (CBSE) – New Rainbow Public School, Ghaziabad | 90%

PROJECTS

AI Resume Analyzer

Python | NLP | Machine Learning | Scikit-learn | spaCy

- Developed an AI-powered resume analysis tool that delivers ATS-based improvement suggestions to users.
- Implemented Natural Language Processing (NLP) techniques for keyword extraction and semantic evaluation of resume content.
- Built an interactive interface enabling real-time ATS scoring and data-driven resume optimization.

Movie Recommendation System

Python | Scikit-learn | TF-IDF | Cosine Similarity | Pickle | spaCy | Streamlit

- Engineered a content-based Movie Recommendation System using TF-IDF vectorization and cosine similarity algorithms.
- Delivered personalized, real-time movie suggestions by processing and matching user preference data.
- Deployed a fully interactive Streamlit web application with live recommendation functionality.

TECHNICAL SKILLS

Programming Languages: Python, C, C++

Web Development: HTML, CSS, JavaScript, Responsive Web Design

Machine Learning & AI: NLP, Scikit-learn, TF-IDF, Cosine Similarity, spaCy

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, IoT, Embedded Systems

Tools & Platforms: Git, GitHub, Figma, MATLAB, Streamlit

CERTIFICATIONS

- Responsive Web Design – FreeCodeCamp
- Data Analysis with Python – FreeCodeCamp
- Python for Data Science and Machine Learning – IIT Roorkee (2024)
