PROJECTS

AI Resume Analyzer

[Source Code](#)

Python, NLP, Machine Learning, SciKit Learn, Spacy

- Developed an AI-powered resume analysis tool delivering ATS-based improvement suggestions.
- Applied Natural Language Processing (NLP) for keyword extraction and semantic evaluation.
- Built an interactive interface for real-time scoring and data-driven optimization.

Movie Recommendation System

Python, Scikit-learn (TF-IDF + Cosine Similarity), Pickle, Spacy

- Developed a content-based Movie Recommendation System using Python and Scikit-learn..
- Implemented TF-IDF vectorization and cosine similarity for personalized movie suggestions.
- Deployed an interactive Streamlit web app with real-time recommendation functionality.
